Parents Supporting Parents

Our "In District" Parents Supporting Parents group creates a network of Parents, Teachers and Students from every school in the Ken-Ton UFSD. Our Members have varying degrees of expertise and are available to offer support at any time in your Special Education journey.

What is a Special Education Parent Organization?

Parents and/or Caregivers of students who receive Special Education or Gifted and Talented Services through the Ken-Ton School District. Such as, but not limited to an Individual Education Program (IEP), 504 Plan, GT or Out-of-District placement.

As parents, we are our children's best advocate - but we do not always know where to start. Our organization is here to help every parent of Special Needs children in Ken-Ton by providing a set of resources that help them have a successful educational experience.
~Dawn Stinner, Director

Our Mission statement

The Mission of the Ken-Ton Special Education Parent Teacher Organization (Ken-Ton SEPTO) is to Advocate and provide support; to work for understanding of and respect for students with Special Needs within our school district and beyond.

As a parent or caregiver, you play a vital role in your child's education. You were your child's first teacher and you know your child's need the best. As a parent or caregiver, you

are the best advocate for your child. The Individuals with Disabilities Education Act (IDEA) empowers parents and care givers to become educational advocates for their children. An educational advocate is a person who speaks knowledgeably for the educational needs of another person. The Ken-Ton SEPTO is here to support you in your mission to be the best advocate you can be for your child!

Please refer to the district website for more information www.ktufsd.org
